

OFFICE OF THE COUNTY EXECUTIVE  
ROCKVILLE, MARYLAND 20850

Isiah Leggett  
County Executive

MEMORANDUM

April 22, 2010

TO: Nancy Floreen, President, County Council

FROM: Isiah Leggett, County Executive

SUBJECT: FY10 and FY11 Budget Adjustments

Attached please find my recommendations for adjustments to the FY10 and FY11 operating and capital budgets to respond to the write down of over \$168 million in income tax revenues in FY10 and FY11 and to provide enhanced reserve levels and financial flexibility to the County during these volatile and uncertain economic times.

The revised revenue estimates and the need to restore our reserve levels to the 6% policy level have created an additional fiscal gap of approximately \$200 million. Combined with the budget gap closed in my March 15 recommended budget, the total FY11 budgetary gap was estimated at close to \$1 billion - a staggering and unprecedented challenge for this County. These amendments to my Recommended FY11 Operating Budget and FY11-16 Capital Improvements Program (CIP) will significantly improve the County's FY10 and FY11 reserves, provide needed flexibility in the event of further adverse economic and fiscal changes, and establish a stronger financial footing for the County going forward.

While the details of my proposed adjustments are contained in the attached tables and charts, I want to call attention to some of the primary components of the recommended strategy to close the current budget gap.

**Reserves**

The actions which I am recommending will provide the County with an ending FY10 balance of \$37.6 million in the Revenue Stabilization Fund (RSF) after a transfer of \$81.9 million from the RSF to the General Fund in FY10. The FY11 projected ending reserve is restored to the 6% policy level. The ending General Fund reserve is \$121.5 million which is nearly 5% of general fund revenues. The Revenue Stabilization Fund would end FY11 with a balance of \$92.8 million after a transfer of \$55 million from the General Fund to the RSF during FY11.

This year (FY10) has demonstrated more than ever before the extent to which the County's primary revenue streams are sensitive to economic cycles and have extreme volatility. The County's largest revenue source to the General Fund, the income tax, is projected to plummet 20.5% this year, bringing in \$265 million less than the amount collected in FY09. Tax revenues and investment income for FY10 and FY11 are expected to be down a combined \$476 million compared to previous budget estimates.

Also in FY10, the County weathered extraordinary expenditure requirements associated with the H1N1 flu virus and successive and historic winter blizzards. These combined revenue shortfalls and extraordinary expenditure needs created unprecedented stress on the County's already low reserve levels. The resulting required reductions in the operating budgets of County departments and agencies that receive funding from the General Fund have severely challenged our ability to provide consistent levels of services in all areas. Successive mid-year savings plans and budget reductions have similarly stressed constituents and employees.

To more appropriately position ourselves to be able to weather economic cycles in the future, and to achieve structural balance in future budgets, I am recommending the following five principles I believe we must achieve regarding the County's reserves:

1. Achieve and maintain the charter maximum reserve level for the General Fund of 5% of prior year revenues.
2. Build revenue stabilization fund reserves to a minimum of 3%, and also remove the cap on the Revenue Stabilization Fund.
3. Restore and maintain PAYGO at the policy level of 10% of General Obligation bonds planned for issue.
4. Budgeted expenditures should match new revenues projected to occur in that fiscal year; do not draw down on any excess reserves that may occur to fund ongoing expenses. Instead, direct revenues exceeding projections in priority order to a) the Revenue Stabilization Fund, b) PAYGO, c) retiree health benefit pre-funding, and d) one-time expenditures.
5. Achieve a fiscal plan that is structurally balanced – that matches expenditures to available revenues without any draw down of reserves or unanticipated revenues.

I believe that we can accomplish this full set of actions no later than FY13. For the upcoming budget year, FY11, it is critically important that we restore our reserves as there remains a great deal of uncertainty regarding the strength and timing of the economic recovery that we all expect. Furthermore, given the volatility of our income tax revenues, we must continue to maintain these reserve policies into the future. We should target reserves at 6% by the end of the fiscal year, and should strive to achieve a combined 7% by the end of FY12 and 8% by the end of FY13.

The County's financial advisor, Public Financial Management (PFM), is assisting the Department of Finance in a review of our reserve policies, including a review of the reserve policies of similarly rated jurisdictions, and a review of the volatility in our revenue stream. For example, over the past five years, the standard deviation<sup>1</sup> for year over year tax collections is 5.8% overall, but is a stunning 15.5% for the income tax and 17.4% for the transfer and recordation taxes.

---

<sup>1</sup> The standard deviation measures the spread of individual results around a mean (average) of all of the results (robertniles.com).

I will transmit an updated reserve policy and fiscal plan for achieving long-term structural balance for County Council adoption in May, as well as recommended changes to the Revenue Stabilization Fund law. In the meantime, the policies I have outlined above are certain to set us on the right track, and should provide a framework for the Council's additional review of my amended FY11 Operating Budget and FY11-16 CIP in the coming weeks.

### **Expenditure Reductions**

#### Working Families Income Supplement

Montgomery County is one of the few local governments in the nation that provides a local Earned Income Tax Credit (EITC) for its residents. This program, which began in FY00 at a cost of \$2.2 million, was based on matching the State's EITC which, at that time was 10% of the Federal EITC. Participation in the program included 12,322 total recipients. Since that time, the State match of the Federal EITC has grown to 25% at an estimated cost in FY11 of \$16.2 million and 30,505 recipients. The average EITC payment has grown from \$178 in FY00 to an estimated \$530 in FY11. In order to respond to the current fiscal crisis, I am recommending that we reduce this payment by 33%. This would create savings of \$5,394,100 and would change the average EITC payment to \$353 which is approximately the level this payment was in FY05.

#### Council Bill 16-10: Imputed Compensation Limit

The attached charts detailing the resolution of the County's remaining budget gap include an assumption that the County Council will approve Council Bill 16-10: Imputed Compensation Limit. The County's Actuary estimates that approval of this legislation would result in tax-supported savings of approximately \$6.6 million per year and provide additional fiscal relief of approximately \$424,000/per year to the County's non tax-supported funds.

#### Encumbrance Liquidations

In order to create balance in the FY10 budget, I have directed all departments to aggressively liquidate prior year and current year contract encumbrances to reach a goal of \$35 million in liquidations. We have achieved approximately half of this goal so far and will continue our efforts until this goal is met or exceeded. Within the next two weeks, we will provide the Council with additional information on this effort including the affected contracts.

### **Restructuring**

We are continuing to pursue other options for additional restructuring and cost efficiency improvements both within the County Government, through the Cross Agency Resource-Sharing Committee, and in partnership with employee representative organizations. As part of our efforts in developing the FY11 budget including internal focus groups, a major theme emerged, that our greatest opportunities for real cost-savings and long-term sustainability rely on cross-agency related cost efficacies and consolidations. We will shortly provide the Council with a comprehensive list of options for additional organizational restructuring and cost saving proposals for review during FY11 and implementation in FY12.

The following recommended reorganizations are in addition to the other restructuring proposals in my Recommended FY11 budget including transferring the Ethics Commission staff to the Office of the County Attorney and the Equal Employment and Diversity Management Office from the Office of Human Resources to the Office of Human Rights; restructuring the organization and service levels in the Department of Public Libraries, Department of Recreation, the Department of Correction and Rehabilitation, and the Regional Services Centers, which resulted in substantial cost savings and staffing reductions.

#### Park Police and County Police

I am recommending a reduction of \$2 million to the Parks Department of the Maryland-National Capital Park and Planning Commission (M-NCPPC) in anticipation of savings that will be achieved through integration of the operations of the Montgomery County Police and the M-NCPPC Parks Police including integration of Parks call dispatching efforts with the County's E911 Center. We believe substantial savings and improved operational efficiencies can be achieved through consolidated command, combined call dispatch, and redeployment of Park Police officers.

While the recommended reduction of \$2 million is an estimate of savings to be achieved through this service integration, I believe that potentially greater savings are possible with Council and M-NCPPC support of this effort. The current fiscal climate is causing all County agencies to seriously reassess how services are provided, how savings can be achieved, and how existing resources can be better deployed to serve the residents of the County. I realize that amendments to existing Mutual Aid Agreements and to Article 28 of the State Code will be necessary to fully implement this change. However, I believe that we can begin this transition in FY11 by cooperatively working together, within current legal restrictions, to jointly accomplish this restructuring of these critical public safety services.

#### Fire and Rescue Services (FRS)

My Recommended Amendments includes a proposal to merge the duties of the Division of Community Risk Reduction Services with other FRS divisions producing savings of over \$193,000 thorough the abolishment of the Division Chief position.

#### **Fuel Energy Tax**

Due to the severity and most recent income tax write down, I am recommending a higher increase in the County's fuel energy tax. This increase, combined with the increases recommended on March 25 will raise an additional \$21.4 million in FY10 and \$79.8 million in FY11. Recognizing the significant impact that this increase will have on County residents and businesses, I am recommending that the FY11 total increase in the Fuel Energy Tax sunset at the end of FY12. Based on our analysis, we estimate the average monthly tax increase for residential rate payers will be approximately \$8 per month and \$289 per month for non residential rate payers. Since the Fuel Energy Tax is based on consumption, these increases can be reduced by decreased energy usage, and I have supported a number of programs that provide incentives for residents to do so.

I understand that a request has been made by the business community and utilities to consider altering the rate structure of this tax to equalize or at least to make more comparable the rates for residential (including agriculture) and non residential rate payers. The Department of Finance staff are analyzing this proposal and we will shortly report back to the Council on the impact of other options for County residents and businesses tax bills.

#### **Telephone Tax**

In addition to the Fuel Energy Tax increase recommended above, I am also recommending an increase to the wireless portion of the County's telephone tax. Current rates for wireless customers are \$2/line per month. I am recommending that we increase this rate to \$3/line per month to raise an additional \$11.853 million in FY11. Landline rates would remain the same.

#### **CIP Current Revenue**

A major part of the recommended strategy for closing the budget gap includes reductions to Current Revenue funded projects in FY10 and FY11. The attached charts and project description forms describe the recommended changes which are estimated to produce savings of \$2.509 million in FY10 and \$7.347 million in FY11. These amendments will require changes to projects within the Capital Improvements Program for Montgomery County Government, M-NCPPC, and Montgomery College. With these amendments I am recommending that we amend the County Code with respect to the use of recordation tax revenues, which were previously dedicated to Montgomery County Public Schools CIP projects and College IT projects.

#### **Conclusion**

I acknowledge the complexity and difficulty these recommended actions will present to the Council in addition to the other issues in the FY11 Operating Budget. Having served as a County Councilmember for 16 years, I understand the enormity of the challenges you are facing now. I want to express my appreciation to the Council for your partnership in working through these difficult issues and making the tough choices that we all have to make in this difficult economic environment.

Details of my recommended budget amendments are described in the attachments. Executive Branch staff are prepared to assist you in your review of these materials. I urge the Council to approve these amendments to my Recommended FY11 Operating Budget and FY11-16 CIP.

# DETAIL ON RECOMMENDED FY11 CE AMENDMENTS

## Tax Supported

### RESOURCE AMENDMENTS

#### DOT-Transit Services

**RIDE ON SERVICE** -85,000  
Adjust frequency of certain Ride On routes (revenue impact).

#### Fire and Rescue Service

**REVISED EMS TRANSPORT FEE REVENUE** -556,860  
A decrease in estimated EMST fee revenue is due to the following factors: available ePCR data (since January 2010) and updated dispatch data; Medicare implementing a 0% inflation factor in 2010, down from 5% in 2009 (due to uncertainty for the federal health care reform); and the lowering of the Geographic Practice Cost index from 1.08 to 1.057 (used by Medicare to calculate ambulance fee schedule reimbursement rates).

#### Health and Human Services

**DISALLOWANCE OF REIMBURSEMENTS** -643,320  
Revenue loss from Department of Health and Mental Hygiene audit for the period between June 1, 2004-June 30, 2007. Primary audit findings relate to over-accruals and corrective actions have been implemented by the Department.

#### Police

**MCPS REIMBURSEMENT FOR REMAINING 17 EDUCATIONAL FACILITIES OFFICERS (EFO)** 1,961,590  
In order to preserve this program, MCPS has agreed to reimburse the County during FY11 for the cost the remaining EFO program in County schools.

#### Recreation

**TEEN CENTERS** -75,000  
Elimination of teen centers is recommended due to lower than anticipated participation levels.

#### Transportation

**INSTALLING PARKING METERS AND SIGNS FOR BETHESDA LIBRARY** 120,000  
The Executive recommends reinstituting parking fees at the Bethesda Library. The Department of Transportation would require \$15,000 in FY11 for new signage and the installation of meters in the Bethesda Library Parking Lot. This action is estimated to raise \$120,000 in General Fund revenue.

#### zz} Other MCG

**ENERGY TAX** 101,263,915  
Due to the severity and most recent income tax write down the Executive recommends a higher increase in the County's fuel energy tax. This increase, combined with the increase recommended on March 25 will raise an additional \$21.4 million in FY10 and \$79.8 million in FY11. Recognizing the significant impact that this increase will have on County residents and businesses, the Executive recommends that the FY11 total increase in the Fuel Energy Tax sunset at the end of FY12.

**REDIRECT RECORDATION TAX TO GENERAL FUND** 5,000,000  
The County Executive recommends redirecting \$5 million in recordation tax revenues from the College's CIP IT projects to the County General Fund. Detail on the affected College CIP projects are provided with this transmittal. This action will require a change to the County

Code:

**UNALLOCATED PROPERTY TAX ACCOUNTS****5,600,000**

The Department of Finance has determined that \$5.6 million in unallocated Property Tax revenues in the Property Tax Fund may be transferred to the General Fund and other tax supported funds. The transfer to the other tax supported funds will ultimately be transferred to the County General Fund before the end of FY10 to maintain balance in that fund.

**WIRELESS TELEPHONE TAX****11,853,000**

The Executive recommends an increase to the wireless portion of the County's telephone tax. Current rates for wireless customers are \$2/line per month. The Executive recommends an increase to this rate to \$3/line per month to raise an additional \$11.853 million in FY11. Landline rates would remain the same.

**REDUCE FY10 SET ASIDE FOR SNOW REMOVAL****3,000,000**

The FY11 Recommended Budget included a set aside of approximately \$63 million for snow removal costs during FY10. This action would release \$3 million from that set aside based on revised estimates of the cost of snow removal.

**FY10 ENCUMBRANCE LIQUIDATIONS****35,000,000**

In order to create balance in the FY10 budget the Executive has directed all departments to aggressively liquidate prior year and current year contract encumbrances to reach a goal of \$35 million in liquidations.

**ADDITIONAL FY10 EXPENDITURE SAVINGS****798,000**

The estimate of FY10 operating budget savings may be increased by \$798,000 due to additional savings identified in the following areas: \$178,000 in Health and Human Services due to reduced caseloads in the Working Parents Assistance program; \$370,000 in reduced lease costs related to the GE Technology Park lease; and \$250,000 reduction in the Economic Development Fund related to the Impact Assistance Fund (\$150,000) and the Small Business Revolving Loan Program (\$100,000).

**zz| Transfers to MCG General Fund****INCREASE NET TRANSFERS FROM NON TAX SUPPORTED FUNDS****17,845,890**

The Executive recommends additional transfers from the County's non-tax supported funds to the General Fund in FY10 and FY11. See the attached table for details related to these recommended transfers.

**Montgomery County Public Schools****K-12 STATE AID****1,144,560****Total Tax Supported Resources****182,226,775****EXPENDITURE AMENDMENTS****Circuit Court****DECREASE COST: CIRCUIT COURT EXPENDITURE REDUCTION****-75,000**

Increased lapse or another reduction to be determined by the Circuit Court.

**County Attorney****TECHNICAL ADJ: SHIFT FUNDING FROM HUMAN RIGHTS TO COUNTY ATTORNEY FOR EEO INVESTIGATIONS AND DEFENSE OF COMPLAINTS****44,200**

Shift funding from the Office of Human Rights to the County Attorney to perform the EEO function regarding the investigation and defense of complaints filed against the County. The County Attorney will add 12 hours per week to a part-time attorney to absorb this function. The cost of this additional time is \$44,200.

**DOT-Transit Services**

<b>REDUCE: RIDE ON SERVICE</b>	<b>-756,000</b>
The additional \$671,000 in Ride On service reductions is comprised primarily of reductions to service frequency: 16 weekday routes and 3 Saturday routes. In addition, on the route 30 (Medical Center to Bethesda via Pooks Hill) midday service would be eliminated, leaving only peak period service. On the route 33 (Glenmont to Bethesda), the southern portion of the route (Medical Center to Bethesda) would be eliminated.	
<b>INCREASE COST: ENERGY TAX INCREASE</b>	<b>6,980</b>
<b>DECREASE COST: ABOLISH TRANSIT SUPERVISOR</b>	<b>-100,040</b>
Abolish vacant supervisor in Silver Spring.	
<b>DECREASE COST: STAFF FRIENDSHIP HEIGHTS FARE MEDIA STORE WITH TRANSIT AIDES</b>	<b>-50,000</b>
The two Public Administration Aides Transit has for media sales, complaint management and walk ups will move to the Friendship Heights store and respond from there and replace the temporary staff (\$50K).	
<b>DECREASE COST: INCREASE LAPSE</b>	<b>-190,190</b>
Hold position vacancies open for a longer period of time	
<b>ELIMINATE: SILVER SPRING SUPER FARE SHARE</b>	<b>-155,000</b>
Eliminate employer based fare subsidy program in Silver Spring	

**Fire and Rescue Service**

<b>DECREASE COST: DELAY MASTER LEASE PAYMENTS FOR AMBULANCES AND A TANKER</b>	<b>-371,530</b>
Master lease payments for the tanker will not be needed until FY12 (savings of \$121,530) and only one payment will be needed for 14 replacement ambulances in FY11(savings of \$588,103).	
<b>DECREASE COST: MONTGOMERY COUNTY VOLUNTEER FIRE AND RESCUE ASSOCIATION CONTRACT INCREASES</b>	<b>-389,910</b>
The Executive recommends deferring funding for increases in the contract with the MCVFRA including the following: \$40,000 for a new vehicle for Association business; \$233,350 for leather turn-out boots for active members on the IECS (874); \$39,330 for gear bags for active members on the IECS (874); and \$77,230 for an increase in the nominal fee.	
<b>ELIMINATE: ABOLISH THE COMMUNITY RISK REDUCTION SERVICES DIVISION CHIEF</b>	<b>-193,160</b>
MCFRS will now operate with four divisions and the sections under Community Risk Reduction Services will be moved to other divisions within the department.	
<b>DECREASE COST: LAPSE THE APPARATUS MANAGER POSITION AND A LIEUTENANT POSITION</b>	<b>-237,370</b>
<b>DECREASE COST: FURLOUGH PUBLIC SAFETY MANAGERS</b>	<b>-98,840</b>
The Executive recommends expanding the 80 hour furlough to public safety managers including the Fire Chief, Division Chiefs, and Assistant Chiefs.	
<b>DECREASE COST: DELAY MAY 2011 RECRUIT CLASS UNTIL FY12</b>	<b>-671,150</b>
The Executive recommends delaying the May 2011 recruit class until July 2011.	

**Health and Human Services**

**Detail on Recommended Budget Adjustments****Tax Supported**

**DECREASE COST: SUPPLEMENT TO PROVIDERS OF DEVELOPMENTAL DISABILITIES (DD) SERVICES** -181,900

This reduction brings the total percent reduction to the DD supplement for non -Individual Support Services (ISS) and Family Support Services (FSS) from 4.7% to 7%. Funding for the supplement for ISS/FSS services was eliminated in the CE Recommended Budget because the ISS/FSS services are fully reimbursable by the State and therefore do not need a supplement. The 7% reduction is in line with the contract reductions taken department-wide.

**Human Rights**

**TECHNICAL ADJ: SHIFT FUNDING FROM HUMAN RIGHTS TO COUNTY ATTORNEY FOR EEO INVESTIGATIONS AND DEFENSE OF COMPLAINTS** -44,200

Shift funding from the Office of Human Rights to the County Attorney to perform the EEO function regarding the investigation and defense of complaints filed against the County.

**NDA - Community Grants**

**ELIMINATE: COMMUNITY GRANT TO CAPITAL PC USER GROUP, INC.** -2,500  
Nonprofit withdrew the request.

**NDA - Desktop Modernization**

**DECREASE COST: DEFER DCM SERVER REPLACEMENTS** -450,000  
Suspension of Enterprise and Public Safety server replacements.

**NDA - Historical Activities**

**REDUCE: HISTORICAL ACTIVITIES NDA** -177,670  
The Executive recommends a reduction of 50% in the General Fund support for this Non-departmental Account.

**NDA - Inauguration & Transition**

**REDUCE: INAUGURATION & TRANSITION (NDA)** -45,000  
Reduce funding for fiscal considerations. In FY11, \$5,000 would remain for related expenses.

**NDA - Municipal Tax Duplication**

**DECREASE COST: MUNICIPAL TAX DUPLICATION PAYMENTS AN ADDITIONAL 20%** -1,497,640  
The Executive recommends an additional 20% reduction to the Municipal Tax Duplication payment. This is in addition to the 5% reduction including in the March 15 Recommended Budget.

**INCREASE COST: ALLOCATE SPEED CAMERA REVENUES TO MUNICIPALITIES** 297,110

In order to efficiently and effectively deploy speed detection cameras within municipalities, the Executive has negotiated Memorandum of Agreements (MOA) with Chevy Chase View, Kensington, and Poolesville for sharing speed camera revenues collected in the municipalities. Under recently approved amendments to State Law, municipalities are authorized to deploy their own speed cameras. However, since the County has an existing program it was more efficient and served broader public safety purposes to deploy these cameras under the auspices of the County's speed camera program provided the municipalities received the same amount of revenues (net of expenses) they would be due as if they issued these cameras on their own. The following distributions would be made pursuant to the MOA: Chevy Chase View (\$104,010); Kensington (\$144,980); and Poolesville (\$48,120)

**NDA - Rockville Parking District**

**ELIMINATE: FREE PATRON PARKING AT THE ROCKVILLE LIBRARY** -143,540  
The County Executive Recommends eliminating free patron parking at the Rockville Library.

**NDA - Working Families Income Supplement****REDUCE: EARNED INCOME TAX CREDIT (EITC) MATCH BY 33%** -5,394,100

Montgomery County is one of the few local governments in the nation that provides a local Earned Income Tax Credit (EITC) for its residents. This program, which began in FY00 at a cost of \$2.2 million, was based on matching the State's EITC which, at that time was 10% of the Federal EITC. Participation in the program included 12,322 total recipients. Since that time, the State match of the Federal EITC has grown to 25% at an estimated cost in FY11 of \$16.2 million and 30,505 recipients. The average EITC payment has grown from \$178 in FY00 to an estimated \$530 in FY11. The Executive recommends reducing this payment by 33%. This would change the average EITC payment to \$353 which is approximately the level this payment was in FY2005.

**DECREASE COST: EITC BASED ON FEWER NUMBER OF PROGRAM PARTICIPANTS** -474,100

The Executive's Recommended budget included an assumption of 32,180 program participants. Based on updated information from the Comptroller's Office the most recent estimate of participants in FY11 is 30,505 which reduces the estimated total payments by \$474,100.

**Police****DECREASE COST: POLICE VEHICLE EQUIPMENT** -387,300

The Executive recommends a reduction of \$387,300 that was included in the March 15 budget for replacement of light bars and other vehicle equipment since there will be no vehicle replacements in FY11 except for emergency replacements. The full amount currently budgeted is \$447,300; the cost of three packages is recommended to be retained to replace failures that occasionally occur.

**DECREASE COST: FURLOUGH PUBLIC SAFETY MANAGERS** -27,860

The Executive recommends expanding the 80 hour furlough to public safety managers including the Police Chief, and Assistant Police Chiefs.

**Public Libraries****REDUCE: INFORMATION TECHNOLOGY: SPECIALIST AND EQUIPMENT** -168,000

The recommended position abolishment will result in a slower response to computer problems in the branches.

**REDUCE: SUBSTITUTES AND PAGES** -136,290

Information desks may become uncovered for brief periods, and it will slow down reshelving.

**REDUCE: MATERIALS** -138,000

Reduces materials budget to 41% of the FY10 Original.

**REDUCE: ADMINISTRATIVE SUPPORT: ADMINISTRATIVE SPECIALIST II** -115,710

The recommended abolishment of this position in the Business Office will increase procurement and other administrative process times

**REDUCE: MISCELLANEOUS OE** -35,000

The Executive recommends the following reductions: reduce Interpreter Services by \$15,000 to \$20,000 total; reduce systemwide equipment replacement by \$10,000 to \$3,000; and reduce branch unit office supplies by \$10,000.

**Recreation****INCREASE COST: ENERGY TAX INCREASE** 258,440

An increase is recommended to provide funds for the proposed increase in the County's Energy Tax.

**DECREASE COST: GILCHRIST CENTER PROGRAM MANAGER** -67,570

This work will be done by a Program Manager in the Office of Community Partnerships.

**Detail on Recommended Budget Adjustments****Tax Supported**

**ELIMINATE: TEEN CENTERS** -181,000  
Elimination of teen centers is recommended due to lower than anticipated participation levels.

**REDUCE: CLOSE ALL COMMUNITY RECREATION AND SENIOR CENTERS - 6 DAYS** -22,650  
**(DECEMBER 24, 2010 - JANUARY 1, 2011)**  
This will close all Community Recreation and Senior Centers for six days starting December 24, 2010 through January 1, 2011.

**REDUCE: PLANNED LIFECYCLE ASSET REPLACEMENT (PLAR)** -41,000  
This is a reduction of the capacity to repair or replace furniture, fixtures or equipment at facilities.

**Sheriff**

**DECREASE COST: FURLOUGH PUBLIC SAFETY MANAGERS** -5,580  
The Executive recommends expanding the 80 hour furlough to public safety managers including the Chief Deputy Sheriff.

**Transportation**

**REDUCE: PEDESTRIAN SAFETY PROGRAMS** -483,010  
This item includes reductions to the following programs:  
• Regional Street Smart Campaign Contribution: \$22,000  
• Pedestrian Timing Initiative: \$137,250  
• Safe Route to School Program: \$173,760  
• Contractual Crosswalk Marking: \$150,000

**DECREASE COST: INCREASE LAPSE** -177,220

**INCREASE COST: INSTALLING PARKING METERS AND SIGNS FOR BETHESDA LIBRARY** 15,000  
The Executive recommends reinstituting parking fees at the Bethesda Library. The Department of Transportation would require \$15,000 in FY11 for new signage and the installation of meters in the Bethesda Library Parking Lot. This action is estimated to raise \$120,000 in General Fund revenue.

**MCG**

**DECREASE COST: EXPEDITED BILL 16-10 - IMPUTED COMPENSATION LIMIT** -6,599,550  
This expenditure reduction assumes Council approval of pending legislation regarding the effect of imputed compensation on retirement benefits for County employees. The allocation of the expenditure reduction across County departments is attached to this transmittal.

**Montgomery College**

**INCREASE COST: ENERGY TAX INCREASE** 357,490  
An increase is recommended to provide funds for the proposed increase in the County's Energy Tax.

**Maryland-National Capital Park and Planning Commission**

**INCREASE COST: ENERGY TAX INCREASE - ADMINISTRATION FUND** 42,580  
An increase is recommended to provide funds for the proposed increase in the County's Energy Tax.

**INCREASE COST: ENERGY TAX INCREASE - PARK FUND** 121,190  
An increase is recommended to provide funds for the proposed increase in the County's Energy Tax.

**DECREASE COST: PARK POLICE AND CAD CONSOLIDATION** -2,000,000

## Detail on Recommended Budget Adjustments

## Tax Supported

The Executive recommends a reduction of \$2 million to the Parks Department of the Maryland-National Capital Park and Planning Commission (M-NCPPC) in anticipation of savings that will be achieved through integration of the operations of the Montgomery County Police and the M-NCPPC Parks Police including integration of Parks call dispatching efforts with the County's E911 Center. Substantial savings and improved operational efficiencies can be achieved through consolidated command, combined call dispatch, and redeployment of Park Police officers.

The current fiscal climate is causing all County agencies to seriously reassess how services are provided, how savings can be achieved, and how existing resources can be better deployed to serve the residents of the County. The recommended reorganization will require amendments to existing Mutual Aid Agreements and to Article 28 of the State Code.

### Debt Service

#### DECREASE COST: COMMERCIAL PAPER EXPENDITURES

-1,000,000

Debt Service expenditures can be reduced due to lower interest costs realized through a recently accepted liquidity facility bid that was lower than anticipated

## DESCRIPTION

This project provides for the planning, design, and installation of a Countywide fiber optic cable-based communication network with the capacity to support voice, data, and video transmissions among Montgomery County Government (MCG), Montgomery County Public Schools (MCPS), Montgomery College (MC), Maryland National Capital Park and Planning Commission (M-NCPPC), Housing Opportunities Commission (HOC) and Washington Suburban Sanitary Commission (WSSC) facilities. FiberNet is also the communications backbone for the Public Safety Radio and Public Safety Mobile Data Systems (collectively, PSCS), and future technology implementations. Fibernet has an estimated useful life of at least 20 years. Upgrades and replacements to electronic components in the core and at user sites will be required periodically.

## COST CHANGE

The increase is due to inclusion of one-hundred and nineteen new sites scheduled to enter construction in the first four years of the CIP, increased contractor cost for laying fiber, and inclusion of FY15 and FY16 expenditures.

## JUSTIFICATION

FiberNet is a critical infrastructure asset serving every agency, the fiber plant for Asynchronous Transfer Mode Systems (ATMS), and the dedicated and redundant communications links for the PSCS/800 MHz system. As of September 1, 2009, 289 user sites are on-net and receiving critical services from FiberNet. In FY07, the Department of Technology Services (DTS) completed the re-engineering of FiberNet (now referred to as FiberNet II) to directly support Ethernet connections. This provides a core network that is technologically newer, faster and less expensive on a per-site basis. The Interagency Technology Policy Coordination Committee (ITPCC) focus during the first three years of the CIP is adding the remaining MCPS elementary schools to FiberNet. DTS, in cooperation with ITPCC and its Information Technology Advisory Group (ITAG) workgroup, continues to refine the master implementation schedule. MCG, MCPS, MC, M-NCPPC, HOC and WSSC will require substantially increased communication services and bandwidth among their facilities. The County will provide fiber optic services to those facilities for which leased telecommunications services cannot meet current or projected demand as cost effectively as FiberNet. Studies include: Fibernet Master Plan; RAM Comm. Mar 1995; Fibernet Eval. Rpt., TRW, Sept 1997; Fibernet Proj. Cost Est., ARINC, Apr 1998; Fibernet Proj. Cost-Benefit Analysis, ARINC, Oct 1998; Fibernet Strategic Plan, PrimeNet, Jun 2002; Fibernet Strategic Direction, ITAG, Nov 2003; Fibernet service level agreement, Jan 2005.

## OTHER

DTS is responsible for project management, network operations, and maintenance of electronics; Department of Transportation (DOT) for installation and maintenance of the fiber optic cable. Comcast, at DTS's direction, also provides fiber used in Fibernet. Sites installed to date include MCG departments/offices, PSCS sites, MC campuses, MCPS high schools/middle schools/administrative facilities, M-NCPPC sites, HOC sites and WSSC sites including the headquarters building in Prince Georges County. The municipalities of Takoma Park, Gaithersburg and Rockville are on FiberNet as well as several cultural centers including American Film Institute (AFI), Strathmore, the Convention Center and Black Rock. Sites have been, and will continue to be, installed in a priority order based on the expected cost savings/avoidance; current and future connectivity needs; and availability of fiber optic cable to an area. Approximately \$3 million is necessary to build out the cable plant to support ATMS field devices, and is not reflected in the expenditures and funding displayed in the FY11-16 CIP. This need will be captured in the future in accordance with fiscal capacity and project schedules.

## FISCAL NOTE

Fibernet maintenance is supported by a grant from the franchise agreement with the County's cable service provider. The original grant amount of \$1.2 million/yr is increased by the CPI each year. For this reason the Operating Budget Impact is \$0.

## APPROPRIATION AND EXPENDITURE DATA

WorkYears					1.0	4.0	4.0	4.0	4.0	4.0	

### DESCRIPTION

This project includes the installation, upgrading and replacement of student tracking, disability support services, student e-mail, e-portfolio, resume software, podcasting, communication tools and systems, identification security, and cybersecurity tools for these systems, and other applications used by and for students and faculty. This request includes both hardware and software. The request includes funding for technical project and planning analyst positions to manage applications systems, and be in charge of the design, setup and maintenance of technical specifications and on-going review and update of the systems to stay current. Four (4) staff positions are currently funded in this project.

### COST CHANGE

By County Council Resolution No. 16-1261, reduce expenditures a total of \$2,000,000 (\$1 million in each year) FY10-11 for fiscal capacity, and as part of the FY10 savings plan; align (Current Revenue: General) appropriation to match expenditures. Per Spring 2010 Amendment, reduce FY11 expenditures and funding an additional -\$500,000 for fiscal reasons.

### JUSTIFICATION

These systems help assure student success through technological support of academic and instructional programs and initiatives as well as allowing tracking of progress to assist in measuring outcomes and assessments. The College has growing needs to track students as part of the measurement of student success at the College. This is fundamental in measuring/documenting student success. The disability support services request is to address the special needs of students using adaptive technologies. Student e-mail will allow the students to communicate better with the faculty and the other offices at the College and vice versa. Both e-portfolio and resume software will aid our students in finding employment.

Information Technology Strategic Plan: FY2011-2013 - The three goals of the ITSP are the use of information technology to (1) facilitate student success; (2) effectively and efficiently operate the College; and (3) support the College's growth, development and community initiatives. The ITSP is an overall strategic plan that provides a cost effective and efficient vision for instructional, academic and administrative systems; and serves as a basis for preparing unit plans and budget requests for the plan's implementation.

### OTHER

FY2011 Appropriation: \$100,000 (Current Revenue: General).

FY2012 Appropriation: \$1,600,000; \$1,538,000 (Current Revenue: General), and \$62,000 (Current Revenue: Recordation Tax).

The College's annually updated ITSP for FY11-13 supports the current, and serves as documentation, for future funding requests. The ITSP is a comprehensive plan covering information technology activities funded from all budget sources for an integrated and complete plan for the College.

### OTHER DISCLOSURES

- \* Expenditures will continue indefinitely.

WorkYears					2.0	2.0	2.0	2.0	2.0	2.0	

### DESCRIPTION

The purpose of this project is to establish and equip a Network Operating Center (NOC) on the Takoma Park/Silver Spring Campus and related central sites and provide for planned lifecycle asset replacement. The Network Operating Center is the center for all of the College's instructional, academic and administrative computing systems. The Network Operating Center was formerly located in the Computer Science Building on the Rockville Campus. The NOC has relocated to the Cafritz Arts Center on the Takoma Park/Silver Spring Campus at 7600 Takoma Avenue; the vacated space on the Rockville Campus will be reallocated for instructional programs. This project also funds staff for monitoring of security, cybersecurity, disaster recovery and redundant systems to help insure the integrity of the NOC. Two (2) staff positions are included in the FY2011-16 project.

### COST CHANGE

By County Council Resolution No. 16-1261, reduce expenditures by \$146,000 in FY10 for fiscal capacity, and as part of the FY10 savings plan; align (Current Revenue: General) appropriation to match expenditures. Per Spring 2010 Amendment, reduce FY11 expenditures and funding an additional -\$1,000,000 for fiscal reasons.

### JUSTIFICATION

The College has a need for more instructional space on the Rockville Campus and Information Technology has outgrown the space in the Computer Science Building. This space has housed the Network Operating Center (formerly known as the computer room) for nearly 25 years and was originally constructed to accommodate two mainframes, peripherals and extremely limited "terminals." This same space now houses 179 servers and the telecommunications necessary to connect over 8,000 microcomputers and technology related components. The new NOC will also allow the College to improve availability with upgraded disaster recovery components, security firewalls and security systems. The planned lifecycle asset replacement and upgrades are a critical component of maintaining a state of the marketplace hardware and operating software.

Information Technology Strategic Plan: FY2011-2013 - The three goals of the ITSP are the use of information technology to (1) facilitate student success; (2) effectively and efficiently operate the College; and (3) support the College's growth, development and community initiatives. The ITSP is an overall strategic plan that provides a cost effective and efficient vision for instructional, academic and administrative systems; and serves as a basis for preparing unit plans and budget requests for the plan's implementation.

### OTHER

FY11 Appropriation: \$1,000,000; \$968,000 (Current Revenue: Recordation Tax), and \$32,000 (Current Revenue: General).

FY12 Appropriation: \$2,000,000 (Current Revenue: Recordation Tax).

The College's annually updated ITSP for FY11-FY13 supports the current, and serves as documentation, for future funding requests. The ITSP is a comprehensive plan covering information technology activities funded from all budget sources for an integrated and complete plan for the College.

### OTHER DISCLOSURES

- \* Expenditures will continue indefinitely.

<b>Total</b>	<b>15,367</b>	<b>3,467</b>	<b>900</b>	<b>11,000</b>	<b>1,000</b>	<b>2,000</b>	<b>2,000</b>	<b>2,000</b>	<b>2,000</b>	<b>2,000</b>	<b>0</b>
WorkYears					4.0	4.0	4.0	4.0	4.0	4.0	

### DESCRIPTION

The purpose of this project is to provide planned lifecycle asset replacement and upgrades, and to establish network infrastructure and support systems in existing and new locations based on academic and instructional needs and requirements. The network infrastructure and support systems represent systems outside the Network Operating Center (NOC) structure including campus centers for labs, classrooms, offices, and learning centers, as well as, operation centers for telephony, communication, security, and notification systems. These systems include servers, high speed connection systems, hubs, ports, firewalls, instructor workstations, hands on computing and technology tools, audio visual equipment, software support and remote access among other developing technologies. This project also funds three new project managers to oversee the design of new buildings and renovations (one for each campus) and staffing for collegewide communication and notification systems.

### COST CHANGE

By Council Resolution No. 16-1261, reduce expenditures by \$533,000 in FY10 for fiscal capacity, and as part of the FY10 savings plan; align (Current Revenue: General) appropriation to match expenditures. Per Spring 2010 Amendment, reduce FY11 expenditures and funding an additional -\$1,000,000 for fiscal reasons.

### JUSTIFICATION

The NOC and network infrastructure must be compatible and work in concert with each other so no location is without central and on-site technology capabilities and support. This requires planned replacement and upgrades as new technology evolves. As faculty continue to develop more learning programs and methods to meet the increased expectations of students, the technology needs are increasing and changing for existing and new capabilities. Without meeting these requirements developed in the ITSP, College unit plans, overall strategic plans and telecommunications plans, the College will fall behind on expectations and the ability to deliver the right technology at the appropriate time.

Information Technology Strategic Plan: FY11-13 - The three goals of the ITSP are the use of information technology to (1) facilitate student success; (2) effectively and efficiently operate the College; and (3) support the College's growth, development and community initiatives. The ITSP is an overall strategic plan that provides a cost effective and efficient vision for instructional, academic and administrative systems; and serves as a basis for preparing unit plans and budget requests for the plan's implementation.

### OTHER

FY11 Appropriation: \$1,000,000 (Current Revenue: Recordation Tax).

FY12 Appropriation: \$2,000,000 (Current Revenue: General)

The College's annually updated ITSP for FY11-FY13 supports the current, and serves as documentation, for future funding requests. The ITSP is a comprehensive plan covering information technology activities funded from all budget sources for an integrated and complete plan for the College.

### OTHER DISCLOSURES

WorkYears					4.0	4.0	4.0	4.0	4.0	4.0	

## DESCRIPTION

This project provides for both the design and installation of College information technology systems using data, video, cybersecurity, software services, and voice applications; and the replacement/upgrade of information technology equipment that no longer meets application requirements, installation and furnishing of technology classrooms, labs, and offices. The systems support the College's instructional programs, student services, and administrative computing requirements and are implemented in accordance with the College's Information Technology Strategic Plan (ITSP). Analysts determine the type of hardware and software to be purchased based on project need and are in charge of equipment purchases; review and recommendation of purchasing, monitoring of system results, and assistance during implementation and on-going reviews and analysis. Four (4) staff positions are funded in this project.

## JUSTIFICATION

In order to meet current and projected technical standards for data, video, and voice communications the College anticipates installing complete information technology, telecommunications and learning center systems at each campus, the central administration building and all instructional sites. The new systems allow the College to replace aging systems for data and video applications; provide for updated networking capabilities; provide necessary security and monitoring capabilities; establish learning centers for classrooms and labs, and for distributed instruction; and allow expanded opportunities for linking with external information technology services. In addition, the ITSP helps meet student requirements for information technology tools and instruction in preparation for career opportunities and transfer programs to four-year institutions. Use of state-of-the-market hardware and technology capabilities are required for the College to attract and serve students, as well as serving the business community by upgrading work force technology skills and providing a base for continued economic development in the county.

Information Technology Strategic Plan (ITSP) - The ITSP is a comprehensive plan covering information technology activities funded from all budget sources for an integrated and complete plan for the College. Updated annually, the ITSP serves as the supporting document for both current and future funding requests. The three ITSP goals are the use of information technology to (1) facilitate students' success; (2) effectively and efficiently operate the College; and (3) support the College's growth, development, and community initiatives. The ITSP is an overall strategic plan that provides a cost effective and efficient vision for instructional, academic and administrative systems; and serves as a basis for preparing unit plans and budget requests for project implementation.

## OTHER

The following fund transfers have occurred with this project: \$1,300,000 to the Takoma Park Campus Expansion project (#996662) (BOT Resol. #07-01-005, 1/16/2007); \$111,000 transferred from the Planning, Design and Construction project (#906605) and \$25,000 from the Facilities Planning: College project (#886886) to this project (BOT Resol. #91-56, 5/20/1991); the project appropriation was reduced by \$559,000 in FY92; finally, \$2.6 million in revenues and expenditures was shifted from FY10 to FY11 for fiscal capacity. Per Spring 2010 Amendment, reduce FY11 expenditures and funding an additional -\$3,000,000 for fiscal reasons.

FY2011 Appropriation: \$3,586,000 (Current Revenue: Recordation Tax).

FY2012 Appropriation: \$5,238,000 (Current Revenue: Recordation Tax); \$3,262,000 (Current Revenue: General).

## OTHER DISCLOSURES

- \* Expenditures will continue indefinitely.

### DESCRIPTION

Effective April 12, 1995, the County Council enacted legislation providing for the creation of a Public Arts Trust. The purpose of this program is to incorporate art into public facilities and sponsor privately-funded temporary or permanent displays of art on public property. As written, the County Chief Administrative Officer [CAO] administers the trust in consultation with the Arts and Humanities Council of Montgomery County (AHCNC), Montgomery County Public Schools, Montgomery College, and the Montgomery County Parks Commission. The request for County funds for this project will be determined annually. The guidelines state that the annual request for the next fiscal year will be .05 percent of the total approved programmed capital expenditures for the current year Capital Improvements Program of the County Government, Public Schools, Montgomery College, and the Maryland-National Capital Park and Planning Commission. Each year, the County Council should consider appropriating this amount but may appropriate any amount.

### COST CHANGE

Increase due to the addition of FY15 and FY16 to this ongoing project less adjustments for fiscal capacity.

### JUSTIFICATION

Bill 12-94, a revision to the Art in Public Architecture law, provides for the creation of a Public Arts Trust. The Public Arts Trust is administered by the County Chief Administrative Officer.

### FISCAL NOTE

The Public Arts Trust is implemented through the Department of Recreation via an outside contract with the AHCNC. The PDF reflects a reduction in FY10 expenditures and funding as part of the FY10 Savings Plan.

## DESCRIPTION

This project schedules renovation or replacement of aging, unsafe, or obsolete park facilities or components of park facilities in non-local parks. These parks include regional, recreational, stream valley, conservation and special parks. Most of these parks are over 30 years old. Failure to renovate or replace aging park facilities or components on a scheduled basis before the end of their useful life results in decreased levels of service to park users and an overall increase in capital costs as repairs become "emergencies."

There are four sub-categories of work funded by this project. Each category has a prioritized list of candidate projects, but schedules may change as needs arise.

1. Boundary Markings: Establishes and marks park boundaries.
2. Minor Renovations: A variety of renovations at non-local parks.
3. Play Equipment: The life span of most play equipment is 20 years. Changes in safety standards sometimes require replacement at earlier intervals. Amenities included in this project are the play area border and protective surfacing under equipment, as well as benches and trees to shade the play equipment, if needed.
4. Tennis & Multi-Use Court Renovation: The asphalt base and fences generally last 20 years. Work includes fence repairs or replacement, new asphalt base, color-coating of courts, installation of new nets and standards, and lights as needed.

## COST CHANGE

Increase due to the addition of FY15 and FY16 to this ongoing project; increase to accommodate more capital projects associated with aging non-local park facilities.

## JUSTIFICATION

Over 100 non-local parks and facilities require scheduled renovation in order to maintain a reasonable level of service for park users and avoid costly emergency repairs.

## OTHER

The following repairs are funded through other PDFs: repairs to parking lots, entrance roads that are not park roads, and any type of walkway or trail which is not part of the hiker-biker system; repairs to hiker-biker and natural surface trails; and roof replacements.

## FISCAL NOTE

In FY10, \$375,000 (general obligation bonds) was transferred in from Lake Needwood Dam Remediation, PDF #078710 (\$373,000) and Rickman Horse Farm Park, Pdf #008722 (\$2,000).

In FY09, \$141,000 in current revenue was transferred out to Wheaton Tennis Bubble Renovation, PDF# 078708.

## DESCRIPTION

This project provides for the purchase of replacement buses in the Ride On fleet in accordance with the Division of Transit Services' bus replacement plan.

## ESTIMATED SCHEDULE

The FY11-16 plan calls for the following:

FY11: 12 full-size  
FY12: 20 full-size  
FY13: 24 full-size  
FY14: 61 full-size  
FY15: 62 full-size  
FY16: 13 full-size

## COST CHANGE

Cost increase due to the addition of FY15 and FY16, revised bus replacement plan, and cost escalation on bus prices.

## JUSTIFICATION

The full-size transit buses have an expected useful life of twelve years. Smaller buses have an expected useful life of five to seven years.

## FISCAL NOTE

Per bus costs based on current contract which expires in FY12.

Replace Mass Transit funding in FY10 with Bond Premium.

## OTHER DISCLOSURES

- The Executive asserts that this project conforms to the requirements of relevant local plans, as required by the Maryland Economic Growth, Resource Protection and Planning Act.
- \* Expenditures will continue indefinitely.

### **DESCRIPTION**

This project funds preparation of local park master plans, concept plans, and park management plans; archaeological, engineering and environmental studies; topographic, natural resource, and forest conservation surveys; utility studies; feasibility studies, and facility plans. Facility plans produce well-reasoned project cost estimates based on preliminary design, i.e. one-third of final design and construction documents. Preliminary design includes topographic surveys, environmental assessments, traffic studies, site plans, schematic drawings, floor plans, elevations, quantity calculations, and cost estimates, as well as public participation. Facility planning is needed when the variables or options involved in the project do not support reliable independent cost estimating.

### **COST CHANGE**

Increase due to the addition of FY15 and FY16 to this ongoing project.

### **JUSTIFICATION**

2005 Land Preservation, Parks and Recreation Plan, approved by the Montgomery County Planning Board. There is a continuing need for the development of accurate cost estimates and an exploration of alternatives for proposed facility projects. Future projects which result from facility planning programmed in this PDF will reflect reduced planning and design costs.

Individual AREA master plans.

### **FISCAL NOTE**

The PDF reflects a reduction in FY10 expenditures and funding as part of the FY10 Savings Plan.

### **OTHER DISCLOSURES**

- \* Expenditures will continue indefinitely.

### DESCRIPTION

This project provides for the placement of School Based Health Centers (SBHC) and Linkages to Learning sites at public schools. School Based Health Centers provide primary health, social services, and mental health and youth development services. The Linkages to Learning program provides accessible services to at-risk children and their families to improve adjustment to and performance in school, home, and community. Prevention and early intervention services include health, mental health, and social services and educational support. The selection of the host public schools is based upon criteria recommended by the School Based Health Center Interagency Planning Group (SBHCIPG) and the Linkages to Learning Advisory Group. Montgomery County Public Schools (MCPS) will oversee the construction of the SBHC and Linkages to Learning sites. The County will occupy the space with School Health Services and Linkages to Learning personnel and contractors. Cost estimates are based on per square foot costs for school construction, adjusted by the additional requirements for health care facilities, such as examination rooms, a laboratory and medical equipment. The facilities in elementary schools will be modeled after the current School Based Health Center at Gaithersburg Elementary School and other Linkages to Learning sites. MCPS will provide maintenance and utilities for the facility by a Memorandum of Understanding. Site specific factors are to be determined and will be provided during construction.

### ESTIMATED SCHEDULE

Planning and design for Weller Road and Viers Mill SBHCs are scheduled to begin FY11. Construction for Rolling Terrace SBHC is planned for FY11 and construction for Weller Road, Highland, and Viers Mill is planned to start in FY12.

### COST CHANGE

Increase due to the addition of Weller Road and Viers Mill School Based Health Centers (SBHC's). These schools ranked high based on the criteria ranking and also aligned with MCPS' modernization schedule. Increase is also due to the addition of planning and construction for Montgomery Knolls, Viers Mill, Maryvale, Georgian Forest, Bel Pre, and Weller Road Linkages to Learning (LTL) Centers.

### JUSTIFICATION

This project is part of the recommendations of the Department of Health and Human Services and MCPS.

### FISCAL NOTE

Funding is being requested in FY11 for planning and design for Montgomery Knolls, Viers Mill, Georgian Forest, Bel Pre, and Weller Road LTL Centers. In addition construction funding is requested in FY11 for Montgomery Knolls; in FY12 for Viers Mill, Maryvale, Georgian Forest, and Weller Road; and in FY13 for Bel Pre. Additional planning and design and construction funds are requested in "Beyond 6 Years" column for Maryvale Linkages to Learning site. The PDF reflects a reduction in FY10 expenditures and funding to reflect current project implementation.

### DESCRIPTION

This project provides partial funding for the renovation and enhancement of Rockville Fire Station 3, which was constructed in 1965. The scope of work includes: structural repairs; ADA accessibility improvements; an addition to increase living and bunk space; maintenance bay reconfiguration and conversion to locker area; and improvements in kitchen, living area, administrative area, and bunk rooms. Other facility repairs include replacement of the existing roof and paved parking lot surface. The enhanced station will be built on the existing Station 3 site.

### JUSTIFICATION

The present facility does not comply with current building or ADA code requirements for fire suppression sprinklers, HVAC and electrical systems, personnel living quarters, and work space. The consulting structural engineer recommended that a complete renovation to the existing facility would be more cost effective in the long-run than multi-year partial repairs. Architectural plans have been submitted and approved by the Rockville Volunteer Fire Department (RVFD) Board of Directors.

### OTHER

The total project cost is expected to be \$5.478 million dollars. This PDF reflects only County-funded expenditures. Costs estimates were developed by the Rockville Volunteer Fire Department via an independent cost estimator. The majority of the project cost will be funded by non-tax funds provide by the Rockville Volunteer Fire Department. Other funding sources will be this project and possibly the State of Maryland Senator William H. Amoss Fire, Rescue, and Ambulance fund. The Rockville Volunteer Fire Department, State of Maryland Senator William H. Amoss Fire, Rescue, and Ambulance Fund will also partially fund this project in the Operating Budget and PSP, in combination with private non-tax supported funds provided through the Rockville Volunteer Fire Department. The RVFD will be the contract manager. In addition to the County expenditures shown on this PDF, the RVFD will expend additional funds of its own.

### FISCAL NOTE

Shift expenditures and funding to reflect current implementation plan.

## DESCRIPTION

This project provides for the planning, design, and construction of a Montgomery County Judicial Center Annex, the Montgomery County Judicial Center HVAC renovation, and other needed renovations to Montgomery County Judicial Center at 50 Monroe Street, Rockville, Maryland. Associated requirements for items such as phasing, parking, and security will also be funded through this project.

## ESTIMATED SCHEDULE

Construction will begin in winter 2010 and be completed in summer 2015.

## JUSTIFICATION

There are currently 21 Circuit Court Judges. The Judicial Center's 17 courtrooms are all assigned. Four Circuit Court Judges are assigned to other courthouses; three Juvenile Division Judges are housed in the Grey Courthouse and one in the historic Red Brick Courthouse. There are no remaining courtroom spaces available in any of the three courthouses leaving no room for new Circuit Court judicial positions. The October 2003 needs assessment completed by URS projected that to handle the projected number of court filings, 28 judicial positions would be needed in 2015; 31 in 2020; and 34 in 2025. A projection was also made regarding the staff needed to support these positions in the Circuit Court administrative, Clerk of the Court, Register of Wills, State's Attorney, and Sheriff's offices.

The following studies have been completed as a part of this project: Judicial Center Annex Project Report (URS/ Fentress - 2003), Courtroom Utilization Study (URS/Fentress - 2003), Planning Drawings for Phases 1 and 2 of a Judicial Center Annex (URS - 2003). The project has also been included in studies completed for the Rockville Core Plan. Courtrooms are designed to meet National Center for State Court standards.

## OTHER

The Executive Branch provided the Council's Public Safety Committee with a progress briefing on the revised program of requirements validation, design of the HVAC renovations, and design development of the Annex. The Judicial Center Annex will be constructed with 10 new courtrooms, 4 of which replace the existing courtrooms in the Grey Courthouse and Red Brick Courthouse.

This project was first included in the Capital Improvements Program in FY03. It was assumed that the annex could be designed to meet long-term needs and then built in two phases to reduce short-term costs. Later studies by Department of Public Works and Transportation determined that two-phase construction of the annex presents significant issues in terms of construction complexity and total project costs.

Planning and design development for other County buildings in the Rockville Core as identified in the Government Core Facilities Optimization Master Plan Study are funded through Project No. 360901, Montgomery County Government Complex.

An architect was selected in 2007.

## DESCRIPTION

This project provides for the permanent patching and resurfacing of rural and residential roadways using durable hot mix asphalt to restore long-term structural integrity to the aging rural and residential roadway infrastructure. The County maintains a combined total of 3,940 lane miles of rural and residential roads. Preventative maintenance includes full-depth patching of distressed areas of pavement in combination with a new hot mix asphalt wearing surface of 1-inch to 2-inches depending on the levels of observed distress.

## COST CHANGE

Increase due to addition of FY15-16 to this ongoing level of effort project less reallocation of one million per year (FY11-14) from this project to Permanent Patching: Residential/Rural Roads CIP# 501106.

## JUSTIFICATION

In FY09, the Department of Transportation instituted a contemporary pavement management system. This system provides for systematic physical condition surveys. The physical condition surveys note the type, level, and extent of residential pavement deterioration combined with average daily traffic and other usage characteristics. This information is used to calculate specific pavement ratings; types of repair strategies needed, and associated repair costs, as well as the overall Pavement Condition Index (PCI) of the entire residential network. The system also provides for budget optimization and recommending annual budgets for a systematic approach to maintaining a healthy residential pavement inventory.

The latest survey indicated that 2,271 lane miles of roadway (fifty-five percent) require significant levels of rehabilitation.

Physical condition inspections of residential pavements will occur on a 2-year cycle.

## OTHER

The design and planning stages, as well as project construction, will comply with the Department of Transportation (DOT), Maryland State Highway Administration (MSHA), Manual on Uniform Traffic Control Devices (MUTCD), American Association of State and Highway Officials (AASHTO), and American with Disabilities Act (ADA). Rural/residential road mileage has been adjusted to conform with the State inventory of road mileage maintained by the State Highway Administration (SHA). This inventory is updated annually. Expenditures will continue indefinitely.

## FISCAL NOTE

FY10 Supplemental: FY11 expenditures of three million accelerated by FY10 supplemental request; addition of second FY10 supplemental request of \$3.5 million.

Replace Current Revenue funding in FY10 with GO Bonds.

## OTHER DISCLOSURES

- \* Expenditures will continue indefinitely.

### DESCRIPTION

This project provides for a comprehensive lifecycle replacement program to protect the County's investment in facilities and to sustain efficient and reliable facility operation. The project is targeted at slowing the deterioration of key facility and site components based on an inventory of their age and condition. The project includes: mechanical/plumbing equipment; lighting system replacement not covered under the Energy Conservation CIP program; building structural and exterior envelope refurbishment; and reconstruction of sidewalks and curbs adjacent to County facilities. The scope of this project parallels approved CIP projects of Montgomery County Public Schools, Montgomery College, and the Maryland-National Capital Park and Planning Commission.

### COST CHANGE

Cost increase is due to the addition of FY15 and FY16 to this ongoing project. Also, \$100,000 is included in FY11 and FY12 for the refurbishment of the Wheaton Library.

### JUSTIFICATION

The County currently has a significant backlog of facility and site components that result from facility age and past deferrals of deficiencies. Various components are outdated, inefficient, and costly to repair. The replacement of components significantly extends the useful life of County facilities. In FY05, FY06 and FY07, the Department of Public Works and Transportation engaged a consultant to conduct a comprehensive facility condition assessment survey of 73 County facilities, or approximately 30 percent of the County's facility inventory. Based upon the age and condition of each component and industry-accepted component lifetimes, a priority listing of component replacement was developed.

The results of the facility condition assessment of 73 County facilities have been used to prioritize the six-year program.

### OTHER

PLAR replacements are scheduled to take place at the following County facilities in FY11 and FY12: Little Falls Library, Wheaton Library, and Holiday Park Senior Center.

### FISCAL NOTE

Replace Current Revenue funding in FY10 with GO Bonds.

### OTHER DISCLOSURES

- \* Expenditures will continue indefinitely.

State Aid	15,700	0	0	15,700	2,740	2,000	2,740	2,740	2,740	2,740	0
<b>Total</b>	<b>84,575</b>	<b>0</b>	<b>12,742</b>	<b>71,833</b>	<b>17,395</b>	<b>12,500</b>	<b>5,780</b>	<b>7,678</b>	<b>6,086</b>	<b>22,394</b>	<b>0</b>

### DESCRIPTION

This project provides for the purchase of replacement buses in the Ride On fleet in accordance with the Division of Transit Services' bus replacement plan.

### COST CHANGE

Due to reduction of \$5 million in State Aid in FY09, revise plan as follows: delay purchase of 12 small gas buses; purchase four fewer Hybrid buses in FY09;  
Due to reduction of \$740K in State Aid in FY10, revise plan to purchase 2 fewer Diesel buses in FY10 Federal Stimulus funds of \$6.55M in FY10; purchase 12 full-size Hybrid buses and 1 Diesel bus

### JUSTIFICATION

The full-size transit buses have an expected useful life of twelve years. Smaller buses have an expected useful life of five to seven years.

The FY08-14 plan calls for the following:

FY08: 42 full-size diesel  
FY09: 35 full-size hybrid diesel/electric  
FY10: 18 full-size diesel; 12 full-size hybrid  
FY11: 18 full-size  
FY12: 22 full-size  
FY13: 17 full-size  
FY14: 52 full-size; 20 small

### FISCAL NOTE

42 buses in FY08 and 20 buses in FY09 to be financed over five years with short-term financing  
Federal funding in FY09 and FY10 higher due to receipt of additional grants  
State Aid estimates are based on FY09 grants (except for known FY10 reduction)  
Federal funds (excluding Federal Stimulus funds) require a 20 percent County match  
Contributions of \$475K in FY09 from Traffic Mitigation Agreement  
Replace Mass Transit funds with Bond Premium funding.

### OTHER DISCLOSURES

- The Executive asserts that this project conforms to the requirements of relevant local plans, as required by the Maryland Economic Growth, Resource Protection and Planning Act.
- \* Expenditures will continue indefinitely.

<b>Total</b>	<b>2,087</b>	<b>0</b>	<b>417</b>	<b>1,670</b>	<b>300</b>	<b>170</b>	<b>300</b>	<b>300</b>	<b>300</b>	<b>300</b>	<b>0</b>

### DESCRIPTION

This project funds preparation of local park master plans, concept plans, and park management plans; archaeological studies; topographic, natural resource, and forest conservation surveys; utility studies; feasibility studies, and facility plans. Facility plans produce well-reasoned project cost estimates based on preliminary design, i.e. one-third of final design and construction documents. Preliminary design includes topographic surveys, environmental assessments, traffic studies, site plans, schematic drawings, floor plans, elevations, quantity calculations, and cost estimates, as well as public participation. Facility planning is needed when the variables or options involved in the project do not support reliable independent cost estimating. This PDF funds archaeological, engineering, and environmental studies, feasibility reports and facility plans listed below.

Candidate projects include, but are not limited to, the following local parks: Kemp Mill, Seneca Crossing, Hillandale, Harmony Hills, Woodside, Traville, Burtonsville, Sligo Mill Overlook, and Nolte.

### COST CHANGE

The County Executive recommends a reduction of \$100,000 in planned expenditures in FY10 as part of the FY10 savings plan.

### JUSTIFICATION

2005 Land Preservation, Parks and Recreation Plan, approved by the Montgomery County Planning Board. There is a continuing need for the development of accurate cost estimates and an exploration of alternatives for proposed facility projects. Facility planning costs for local park projects which may become stand-alone PDFs or be funded in other on-going PDFs are included here, except as noted below. Future projects which result from facility planning programmed in this PDF will reflect reduced planning and design costs.

Individual master plans.

### FISCAL NOTE

FY10 current revenue reduced by \$130,000.

### OTHER DISCLOSURES

- A pedestrian impact analysis will be performed during design or is in progress.
- \* Expenditures will continue indefinitely.

### DESCRIPTION

This project provides for the placement of School Based Health Centers (SBHC) and Linkages to Learning sites at public schools. It is in accordance with the recommendations of the School Based Health Center Interagency Planning Group (SBHCIPG), the Linkages to Learning Six Year Plan, the Department of Health and Human Services (DHHS), and Montgomery County Public Schools (MCPS). The selection of the host public schools is based upon criteria recommended by the SBHCIPG and the Linkages to Learning Advisory Group. Montgomery County Public Schools will oversee the construction of the SBHC and Linkages to Learning sites. The county will occupy the space with School Health Services and Linkages to Learning personnel and contractors. Cost estimates are based on per square foot costs for school construction, adjusted by the additional requirements for health care facilities, such as examination rooms, a laboratory and medical equipment. The facilities in elementary schools will be modeled after the current School Based Health Center at Gaithersburg Elementary School and other Linkages to Learning sites. MCPS will provide maintenance and utilities for the facility by a Memorandum of Understanding. Site specific factors are to be determined and will be provided during construction.

### COST CHANGE

The County Executive recommends a reduction of \$100,000 in planned expenditures in FY10 as part of the FY10 savings plan.

### JUSTIFICATION

This project is part of the recommendations of the School Based Health Center Interagency Planning Group, the Linkages to Learning Six Year Plan, the Department of Health and Human Services and Montgomery County Public Schools.

### OTHER

This project includes \$140,000 in current revenue for a feasibility study and planning for the proposed high school wellness center at Northwood High School (No. 640902).

### FISCAL NOTE

The School Based Health Center (SBHC) and Linkages to Learning site at Summit Hall Elementary School opened in August 2008. Planning for New Hampshire Estates occurred in FY08, and construction will occur in FY09; the expected opening is August 2009. Feasibility studies have been completed for Rolling Terrace Elementary School and Highland Elementary School.

### DESCRIPTION

Effective April 12, 1995, the County Council enacted legislation providing for the creation of a Public Arts Trust. The purpose of this program is to incorporate art into public facilities and sponsor privately-funded temporary or permanent displays of art on public property. As written, the County Chief Administrative Officer [CAO] administers the trust in consultation with the Arts and Humanities Council of Montgomery County (AHCMC), MCPS, Montgomery College, and the Montgomery County Parks Commission. The request for County funds for this project will be determined annually. The guidelines state that the annual request for the next fiscal year will be .05 percent of the total approved programmed capital expenditures for the current year Capital Improvements Program of the County Government, Public Schools, Montgomery College, and the Maryland-National Capital Park and Planning Commission. Each year, the County Council should consider appropriating this amount but may appropriate any amount.

### COST CHANGE

The County Executive recommends a reduction of \$40,000 in planned expenditures in FY10 as part of the FY10 savings plan.

### JUSTIFICATION

Bill 12-94, a revision to the Art in Public Architecture law, provides for the creation of a Public Arts Trust. The Public Arts Trust is administered by the County Chief Administrative Officer.

### FISCAL NOTE

The Public Arts Trust is implemented through the Department of Recreation via an outside contract with the AHCMC.

### OTHER DISCLOSURES

- \* Expenditures will continue indefinitely.

### DESCRIPTION

This project provides partial funding for the renovation and enhancement of Rockville Fire Station 3, which was constructed in 1965. The scope of work includes: structural repairs; ADA accessibility improvements; an addition to increase living and bunk space; maintenance bay reconfiguration and conversion to locker area; and improvements in kitchen, living area, administrative area, and bunkrooms. Other facility repairs include replacement of the existing roof and paved parking lot surface. The enhanced station will be built on the existing Station 3 site.

### JUSTIFICATION

The present facility does not comply with current building or ADA code requirements for fire suppression sprinklers, HVAC and electrical systems, personnel living quarters, and work space. The consulting structural engineer recommended that a complete renovation to the existing facility would be more cost effective in the long-run than multi-year partial repairs. Architectural plans have been submitted and approved by the Rockville Volunteer Fire Department (RVFD) Board of Directors.

### OTHER

The total project cost is expected to be \$5.478 million dollars. This PDF reflects only County-funded expenditures. Costs estimates were developed by the Rockville Volunteer Fire Department via an independent cost estimator. The majority of the project cost will be funded by non-tax funds provide by the Rockville Volunteer Fire Department. Other funding sources will be this project and possibly the State of Maryland Senator William H. Aoss Fire, Rescue, and Ambulance fund. The Rockville Volunteer Fire DeparState of Maryland Senator William H. Amoss Fire, Rescue, and Ambulance Fund will also partially fund this project in the Operating Budget and PSP, in combination with private non-tax supported funds provided through the Rockville Volunteer Fire Department. The RVFD will be the contract manager. In addition to the County expenditures shown on this PDF, the RVFD will expend additional funds of its own.

### FISCAL NOTE

The County Executive recommends shifting \$500,000 in expenditures and funding from FY10 to FY13 to reflect the current implementation schedule.

### DESCRIPTION

This project provides for the planning, design, and construction of a Montgomery County Judicial Center Annex, the Montgomery County Judicial Center HVAC Renovation, and other needed renovations to Montgomery County Judicial Center in Rockville. Associated requirements for items such as phasing, parking, and security will also be funded through this project.

### JUSTIFICATION

There are currently 21 Circuit Court Judges. The Judicial Center's 17 courtrooms are all assigned. Four Circuit Court Judges are assigned to other courthouses; three Juvenile Division Judges are housed in the Grey Courthouse and one in the historic Red Brick Courthouse. There are no remaining courtroom spaces available in any of the three courthouses leaving no room for new Circuit Court judicial positions. The October 2003 needs assessment completed by URS projected that to handle the projected number of court filings, 22 judicial positions would be needed in 2005; 25 in 2010; 28 in 2015; 31 in 2020; and 34 in 2025. A projection was also made regarding the staff needed to support these positions in the Circuit Court administrative, Clerk of the Court, Register of Wills, State's Attorney, and Sheriff's offices.

The following studies have been completed as a part of this project: Judicial Center Annex Project Report (URS/ Fentress - 2003), Courtroom Utilization Study (URS/Fentress - 2003), Planning Drawings for Phases 1 and 2 of a Judicial Center Annex (URS - 2003), Circuit Court Facilities Need (Vitetta - 2001), Montgomery County Circuit Court Facility Master Plan (Vitetta - 1998), Impact of Family Court Division (Vitetta - 1998), and Staff and Space Requirements (Vitetta - 1998). The project has also been included in studies completed for the Rockville Core Plan. Courtrooms are designed to meet National Center for State Court standards.

### OTHER

The County Council has requested the Circuit Court and Executive branch review and update the case filing and staff projections developed in 2003. The Council has requested this review include information on the weighted caseload trends as collected by the Administrative Office of the Court. The Council has also requested that alternative operational scenarios, such as the use of night court be explored to determine if courtrooms can be used for a longer portion of the day. The Executive branch must provide the Council's Public Safety Committee with progress briefings after the Program of Requirements validation, design of the HVAC renovations, and design development of the annex.

This project was first included in the Capital Improvements Program in FY2003. It was assumed that the annex could be designed to meet long-term needs and then built in two phases to reduce short-term costs. Later studies by DPWT determined that two-phase construction of the annex presents significant issues in terms of construction complexity and total project costs.

Planning and design development for other County buildings in the Rockville Core as identified in the Government Core Facilities Optimization Master Plan Study are funded through Project No. 360901, Montgomery County Government Complex.

An architect was selected in 2007.

### FISCAL NOTE

The funding in this project is expected to provide for the costs of planning, design, and supervision of renovations to the Judicial Center and the construction of the Judicial Center Annex. The estimate will be updated after validation of the Program of Requirements and design development of the HVAC renovations to the Judicial Center and the Judicial Center Annex. Because of the age of the HVAC system in the Judicial Center, the County Council has requested that the planning include an expedited schedule for these HVAC upgrades. Upgrades to the existing courtrooms are most critical. Upgrades to the remainder of the Judicial Center may be provided in the most cost effective manner in coordination with the construction of the Judicial Center Annex. HVAC upgrades are

<b>APPROPRIATION AND EXPENDITURE DATA</b>			<b>COORDINATION</b>		<b>MAP</b>   <

## DESCRIPTION

This project provides for the permanent patching and resurfacing of rural and residential roadways using durable hot mix asphalt to restore long-term structural integrity to the aging rural and residential roadway infrastructure. The County maintains a combined total of 3,885 lane miles of rural and residential roads. The department estimates that 2,006 lane miles (52 percent) of rural / residential pavement requires significant levels of preventive maintenance to safeguard the infrastructure from incremental failure requiring more costly rehabilitative / reconstruction efforts. Preventative maintenance includes full-depth patching of distressed areas of pavement in combination with a new hot mix asphalt wearing surface of 1-inch to 2-inch depending on the levels of observed distress. Rural and residential roads that have been rated as "fair condition" (level 3) are ideal candidates for preventive maintenance.

## CAPACITY

This project will not affect the capacity of the rural and residential road network. However, additional lane miles of rural and residential road will be added to the existing inventory as new roads are accepted by Executive Order.

## COST CHANGE

This increase of \$3.5 million from a FY10 supplemental is needed to add funding to address a decline in the condition of the residential/rural road network that has been exacerbated by the harsh winter of 2009-2010.

## JUSTIFICATION

The Department of Transportation (DOT) has undertaken a sample study of rural and residential road pavement conditions utilizing a pavement condition rating system based upon types of observed distress (i.e., areas of pavement fatigue, base and sub-base failures, cracking, spalling, patches, and profile) and extent of observed distress (i.e., percentage of surface area exhibiting various forms of distress). Based upon levels of observed pavement distress, pavements are rated very good (level 5), good (level 4), fair (level 3), poor (level 2), and very poor (level 1). The study included a cross section of approximately 6 percent of the residential road inventory (248 lane miles). The study, which is deemed representative of the residential road inventory as a whole, will be expanded to include the entire rural / residential road inventory of 3,885 lane miles. The expanded study, to be conducted by a consultant, is expected to be completed by August 2008.

## OTHER

The design and planning stages, as well as project construction, will comply with the DOT, Maryland State Highway Administration (MSHA), Manual on Uniform Traffic Control Devices (MUTCD), American Association of State and Highway Officials (AASHTO), and American with Disabilities Act (ADA). Rural/residential road mileage has been adjusted to conform with the State inventory of road mileage maintained by MSHA. This inventory is updated annually. Expenditures will continue indefinitely.

## FISCAL NOTE

Prior FY10 Supplemental of \$3,000,000 was approved to advance FY11 expenditures. The County Executive recommends substituting \$24,000 in Current Revenue funding with G.O. Bonds in FY10.

## OTHER DISCLOSURES

- \* Expenditures will continue indefinitely.

**DESCRIPTION**  
This project provides for a comprehensive lifecycle replacement program to protect the County's investment in facilities and to sustain efficient and reliable facility operation. The project is targeted at slowing the deterioration of key facility and site components based on an inventory of their age and condition. The project includes: mechanical/plumbing equipment; lighting system replacement not covered under the Energy Conservation CIP program; building structural and exterior envelope refurbishment; and reconstruction of sidewalks and curbs adjacent to County facilities. The scope of this project parallels approved CIP projects of Montgomery County Public Schools, Montgomery College, and M-NCPPC.

**COST CHANGE**  
Cost increase due to moving towards the annual level of effort recommended in "The Second Report of the Infrastructure Maintenance Task Force" for the Planned Lifecycle Replacement Program (beginning in FY11) and the addition of FY13 and FY14 to this ongoing project.

**JUSTIFICATION**  
The County currently has a significant backlog of facility and site components that result from facility age and past deferrals of deficiencies. Various components are outdated, inefficient, and costly to repair. The replacement of components significantly extends the useful life of County facilities. In FY05, FY06 and FY07, DPWT engaged a consultant to conduct a comprehensive facility condition assessment survey of 73 County facilities, or approximately 30 percent of the County's facility inventory. Based upon the age and condition of each component and industry-accepted component lifetimes, a priority listing of component replacement was developed.

The results of the facility condition assessment of 73 County facilities have been used to prioritize the six-year program.

**FISCAL NOTE**  
The County Executive recommends substituting \$15,000 in Current Revenue funding with G.O. Bonds in FY10.

- \* Expenditures will continue indefinitely.
